The Carpentry and Black-smithy Cooperative Producers' Society Ltd., Gadag (now called Gramodyoga Sahakari Utpadak Sangh, Niyamita Gadag), has requested Govt. to allow the Society to use the Ex-Settlement Carpentry shop. It will be seen from the G.L. dt. 26.7.50 in this connection that the premises of the shop which are at present in its possession were rented to the society at a nominal monthly rent of Rs.5/- and the concession was to be allowed for a period of one year or till its financial position improved, whichever was earlier. It will also be seen from the copy of the bond at p.13/c that the bond was executed to that effect on 18.4.51. Thus the premises were rented to the Society long back and the same are with the society now for more than three years. Apparently, the stipulated period was over before two years, there is therefore, no reason what so ever for allowing the concession to the society for any longer period unless there is sufficient justification for re-consideration of the case. In view however, of the fact that the society is pressing for its request being granted, the D.B.C.W's remarks may perhaps be called for in the matter. If approved, the accomp. draft letter to the D.B.C.W. put up at p17/c accordingly, may issue

Respected Sir,

The Ex-Settlement Carpentry Shop consists of 4 rooms and its premises have been granted to the Society at a concessional Rent of Rs.5/- per mensem, as per No. quoted above, till the financial position of the Society improves. To this effect the true copy of the No.S-49(2)/29134-J, Education Dept., Bombay, dated 26-7-1950 is enclosed for favour of perusal.

But it is surprised to receive the Notice bearing No.Acc 186/Gadag dated 20-4-1954 from the Assistant Director of Backward Class Welfare, Deccan Circle, Dharwar, wherein he has asked to vacate the building in question in one month as per agreement bond given by the Chairman. The Copy of the Bond along with the copy of the notice issued by him is enclosed for favour of perusal.

The position of the Society is not so sound to have its own building on the facts.

This Society is formed with a view to provide work to the skilled carpenters and to train apprentices who belong to the Ex-Criminal Tribes and thereby it intends to improve their economical condition of the tribes. It has been doing its best to bring into practice all the above facts. With this view it is located in this area.

There are in all 24 members out of them 20 belong to the Ex-Criminal Tribes. The remaining 4 are sympathisers.

P.T.O.

When there is sufficient work in the Society it provides work to the most of the members. At such times some apprentices are engaged and trained.

If full co-operation of the Co-operative Institutes, Local Self Government, Govt. aided Institutes and Govt. concerns is offered , the Society would be able to engage the skilled and the apprentices. Thereby the Society is in a position to ask the Carpenters to contribute money towards Share and Deposits.

So far no financial help from the Govt. is offered to the Society. If sufficient financial help from the Govt. is offered the Society would be able to produce attractive and durable implements and articles useful to the agriculturists and Weavers and to the house-s and Offices. The Society would have gone a step further by taking contract work of construction of buildings and thus it would be able to provide work even to the other members of the Ex-Criminal who have been victimised to the unemployment problem owing to the closure of the N.C. Mill at Gadag,

If the co-operation of the Institutes in question and the financial help from the Govt. were offered, the Society by this time would have been able to purchase the present suitable Ex-Settlement-Carpentry Shop or it would have its own buildings in this area only to put an example to the other non-members of the Society to have a co-operative spirit.

It is learnt that the Govt. is shortly going to open Carpentry, Smithy and Tailoring training Schools in this are in the interest of the Ex-Criminal Tribes. This work is said to be entrusted to the Co-Operative Department. The Department has already taken possession of some of the buildings here. They are quite adequate.

It is learnt from the Co-Operative Department that the aim of the training schools is to train the unskilled labour into skilled ones and thus to form co-operative Society

P.T.O.

Society by them.

By allowing the Society to remain in the present Ex-settlement Carpentry Shop is to facilitate the would be skilled labour to become a member of the Society. Otherwise the Govt. would have gone borne expenses of forming the Society to them because the present condition of the inmates of the Ex-Criminal Tribes is going from badk to worst on account of scarcity of work.

The present Society is managed by the members of the Ex-Criminal Tribes. The Chairman, Hon-Manager, Hon-Secretary are all belonging to the Ex-Criminal Tribes.

The Society has been running since 1949 without any financial help from the Govt.

It is the only Industrial Society which survives the other Industrial Societies that have gone to walls for some reasons or the other.

To run any Industrial Society a spacious and suitable building is quite essential As such the Society which has got Share capital of Rs.600/ and Reserve fund of Rs.66/- is unable to have in a position of such building or rather than an ordinary building in the Gadag City where businessmen are in search of buildings.

Under such circumstances, the management of the Society beg of your kind Honour to make early arrangements to allow the society toremain in the same building.

If the Government is bent on to vacate the building the Society is willing to vacate it. But to wound up all the Society transactions, at least three months may please be granted. During which period the building will be vacated.

It is heart-rending to note that the present policy of the Government in supporting the Co-Operative Societies will be proved to be null and void.

Inspite of the above facts it is humbly prayed that

that the present Ex-Settlement Shop Carpentry Shop may be

Subject:- Miscellaneous matters pertaining to the Backward Classes.
Request from the Gramodyoga Sahakari Utpadak Sangh, Niyamita, Gadag, for grant of ex-Settlement Carpentry shop.

Reference Government letter, Education Department, No. MBC.1054/26976-J dated the 8th June 1954.

2. Some of the ex-Criminal Tribe settlement Buildings at Gadag are required for accommodating the industrial schemes for ex-Criminal Tribes sanctioned in Government Resolution, Development Department, No.CIP.1253/90830 dated 11th January 1954. The Joint Registrar, Industrial Cooperatives and Village Industries informed this office that the following structures in the ex-Criminal Tribes settlement, Gadag, should be handed over to the Assistant Registrar, Cooperative Societies, Dharwar, for the purpose -

(1) Assistant Instructor's quarters,
(2) Guards' quarters,
(3) Teachers quarters,
(4) Carpentry shop,
(5) Dispensary building.

3. Out of these structures, the carpentry workshop has been leased to the Carpentry and Blacksmiths Society at a concessional rent of Rs.5/- p.m. The Assistant Registrar, Cooperative Societies, reported that the society was willing to vacate this building if required for the Industrial Training Centre of ex-Criminal Tribes. So, the Assistant Director of Backward Class Welfare, Dharwar Circle, Dharwar, has been asked to give notice to the society to vacate the building and take it in his possession for handing over the same to the Cooperative Department. All this has been reported by me to Government under this office letter No.AM/XV/SR-41/259 dated 15th February 1954.

4. The Honorary Manager has mentioned in his letter No.9 dated 11th May 1954 that the Cooperative Department has already taken possession of some of the buildings at the ex-Settlement, Gadag, which are quite adequate for the Industrial Centre. I have asked the Assistant Director of Backward Class Welfare, Dharwar, to consult the Assistant Registrar, Cooperative Societies, Dharwar, about the position and report in the matter under this office No.AM/XV/21/Gadag of 19th May 1954, a copy of which is enclosed. His reply is still awaited. In case the building in question (Carpentry Shop) is required by the Cooperative Department, the request of the society to allow it to retain it cannot be granted.

5. I will submit further remarks in the case, as soon as the report from the Assistant Director of Backward Class Welfare, Dharwar, who is being expedited again, is received.

The Nagarika writes:- The Harijan localities in Gadag-Betgeri, district Dharwar are in an appalling state of health and sanitation. Though our Government has been making all efforts for the upliftment of Harijans and though directives are ~~x~~ sent every now and then to the local self-Government bodies for ameliorating the condition of the Harijans, it is strange that the Borough Municipality of Gadag-Betgeri should do nothing in the matter. The miseries of the Harijans staying in the locality near the N.C. Mill are indescribable. Similarly the Harijans living on the sides of the Betgeri stream have been neglected for years.
